RESOLUTION NO. 10-41

(Authorization for Construction of Drop Structures Along Piney Creek
Approximately 500 Feet West of the Caley Drive Bridge)

WHEREAS, with Resolution Nos. 08-17, 09-23, 09-37 and 10-27 the Board authorized funding and participation in an agreement with the Urban Drainage and Flood Control District (UDFCD) for the design and construction of Piney Creek improvements in the vicinity of Caley Drive; and

WHEREAS, during the design and construction of the Piney Creek improvements Piney Creek eroded approximately four feet vertically approximately 500 feet downstream of the new Caley Drive bridge, outside the project limits; and

WHEREAS, additional drop structures have been designed to stabilize Piney Creek in the vicinity of the new erosion (Project); and

WHEREAS, the Project will be constructed on private property and access to the construction will be through private property; and

WHEREAS, temporary construction easements have been obtained for access during construction and permanent easements also have been obtained in regard to the proposed drop structures; and

WHEREAS, due to the cost of the Project the UDFCD would require a public bid process to select a contractor; and

WHEREAS, SEMSWA can bid the construction of the Project from the list of UDFCD pre-qualified drainageway contractors and manage the construction of the Project; and

WHEREAS, previously approved funds are sufficient to construct the Project.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director is authorized to enter into a contract on behalf of SEMSWA for the construction of Project along Piney Creek.

2. The funding for the additional drop structures will come from previously authorized funds.
