

SOUTHEAST METRO STORMWATER AUTHORITY
Acting by and through
SEMSWA WATER ACTIVITY ENTERPRISE

RESOLUTION 10-43
(Authorization for Design of Little's Creek Improvements)

WHEREAS, Little's Creek has known flooding problems between Geddes Avenue and Broadway; and

WHEREAS, Resolution No. 1, Series of 2007 authorized \$22,000 for an engineering planning study of Little's Creek to identify improvements; and

WHEREAS, SEMSWA owns an existing stormwater detention pond draining to Little's Creek at the southeast corner of Dry Creek Road and Clarkson Street; and

WHEREAS, the modification of the existing stormwater detention pond can help mitigate existing flooding problems and increase the quality of the stormwater along Little's Creek; and

WHEREAS, \$50,000 is identified in SEMSWA's 2010 Capital Project Budget and \$50,000 is identified in the Urban Drainage and Flood Control District's (UDFCD) 2010 Capital Project Budget for the design of improvements to mitigate Little's Creek flooding; and

WHEREAS, SEMSWA and the UDFCD are interested in combining resources to design Little's Creek improvements.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Board authorizes funding in an amount of \$50,000 for design of Little's Creek improvements.
2. The Executive Director is authorized to execute an agreement with the UDFCD for design of Little's Creek improvements.
3. The SEMSWA funding for the design work is limited to \$50,000 without prior approval of the Board.
