SOUTHEAST METRO STORMWATER AUTHORITY
SELECTED INFORMATION
FOR THE PERIOD ENDED JUNE 30, 2026

Notes to the Reader:

The financial statements of the Authority have been prepared in accordance with the criteria established by the Governmental Accounting Standards Boards ("GASB"), which is the source of authoritative accounting principles generally accepted in the United States of America ("GAAP"), as applied to governmental entities. The Authority's financial statements are prepared using the accrual basis of accounting. The financial statements include the following departures from GAAP:

- Management's discussion and analysis and substantially all disclosures required are omitted.
- The statement of cash flows has been omitted.

The financial forecasts present, to the best of management's knowledge and belief, the Authority's expected results of operations and cash flows for the forecast periods. Accordingly, the forecasts reflects its judgment as of October 8, 2025, the date these forecasts were prepared, of the expected conditions and its expected course of action. The assumptions disclosed herein are those that management believes are significant to the forecasts. There will usually be differences between the forecast and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The financial statements are developed by the Authority to comply with GAAP, although there may be departures from GAAP not identified. These statements are primarily intended for use in managing the Authority's operations and may not be suitable for other purposes. Users should be aware of these limitations when utilizing the financial statements.

See selected information and the summary of significant assumptions.

SOUTHEAST METRO STORMWATER AUTHORITY 2026 BUDGET SUMMARY OF SIGNIFICANT ASSUMPTIONS

Formation of the Authority

The Authority was formed on September 19, 2006, pursuant to section 29-1-204.2, C.R.S., by an Intergovernmental Agreement between Arapahoe County, the City of Centennial, the Arapahoe County Water and Wastewater Authority, the East Cherry Creek Valley Water and Sanitation District, and the Inverness Water and Sanitation District. The purpose of the Authority is to plan, fund, construct, acquire, operate and maintain drainage and flood control facilities as determined by the Authority's board of directors through a coordinated and cooperative intergovernmental effort.

Enterprise Designation

Pursuant to Resolution 1, Series of 2006, the board of directors established the Authority as an enterprise as defined in Article X, Section 20 of the State of Colorado Constitution.

Budgetary Basis of Accounting

The Authority prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the Authority believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Significant Assumptions

- ☐ Stormwater utility fees are calculated based on impervious areas of all parcels within the boundaries of the Authority.
- ☐ Operating expenses were budgeted based upon prior year budgets with increases in certain personnel related expenses such as payroll, benefits, training, dues, and other professional services.
- ☐ Capital improvement project costs are prioritized through careful considerations by the Authority's engineering team and can be funded with the assistance of other governmental agencies through intergovernmental agreements.
- ☐ Reserves have been established for vehicle replacement, major building repairs, and computer replacements in 2026.
