RESOLUTION 16-24

Authorization for the Funding of the 2016 Cured in Place Pipe Installation Program

WHEREAS, field inspections of the existing corrugated metal pipe culverts at 15 separate locations in the SEMSWA service area have indicated that the pipes at these locations have severely deteriorated; and

WHEREAS, continued deterioration and failure of the pipes would have a significant adverse impact on the safety and welfare of the general public; and

WHEREAS, SEMSWA's staff has determined that the most cost effective approach to correcting these deficient culverts is to rehabilitate them using the cured in place pipe (CIPP) process;

WHEREAS, SEMSWA staff has completed the rehabilitation design and the bidding process for the 2016 Cured in Place Pipe Installation Program (Project), which provides for the installation of CIPP in the existing metal pipes at the 15 locations identified, and the lowest responsible bidder has been selected; and

WHEREAS, Arapahoe County has entered into an IGA with SEMSWA to include three irrigation culverts with the Project; and

WHEREAS, the IGA with Arapahoe County provides that the three irrigation culverts included in the Project will be separately bid and Arapahoe County will reimburse SEMSWA for the cost of that portion of the Project but not to exceed \$113,295.00; and

WHEREAS, if the bid for the three irrigation culverts exceed \$113,295.00, Arapahoe County may, pursuant to the IGA, elect to continue with that portion of the Project and pay the additional costs, reduce the number of irrigation culverts included in the Project or terminate the IGA and not proceed; and

WHEREAS, the selected bid for the construction of the Project including the Arapahoe County portion of the Project is \$1,231,041.00 submitted by Kenny Construction Company; and

WHEREAS, it is typical to budget the construction bid amount plus an additional ten (10) percent to cover contingencies that may be encountered during construction; and

WHEREAS, the total construction cost of the Project; including a ten (10) percent contingency and miscellaneous costs is \$1,176,971.40; and

WHEREAS, the total construction cost of the Arapahoe County portion of the Project; including a ten (10) percent contingency and miscellaneous costs if \$177,179.70; and

WHEREAS, SEMSWA has adopted a budget for calendar year 2016 subsequent to public hearing, which includes funds for construction of the Project.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Executive Director is authorized to enter into a contract in the amount of \$1,231,041.00 with Kenny Construction Company on behalf of SEMSWA for the construction of the Project.
2. The funding for the construction of the Project is limited to \$1,354,145.10 without prior approval of the Board.
