RE: Transfer of Drainage Fees from Arapahoe County to the City of Centennial

Dear Mr. Carter:

In reference to the March 11, 2004 memorandum from Bryan D. Weimer (Re: Developer Transfers to the City of Centennial), the City of Centennial requests the transfer of drainage fees in the amount of \$732,307.98 that have been collected by the County from properties within Centennial (see attached spreadsheet). At this time, the City is requesting that Arapahoe County transfer \$19,343 to the City while transferring the remaining balance of \$712,964.98 directly to SEMSWA.

This requested transfer of funds is partial implementation of section 3.7.2 of the 2004 Intergovernmental Agreement between Arapahoe County and the City of Centennial to Provide Municipal Services.

Please feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacquie Wedding-Scott".
