

## Piney Creek Bridge at Caley Drive

### Three Long-Term Projects

- Bridge at Caley Drive
- Stream Stabilization
- Eliminate Floodplain Spill

Bridge easements are being paid for  
Other easements are to be donated

Bridge project can proceed without other easements

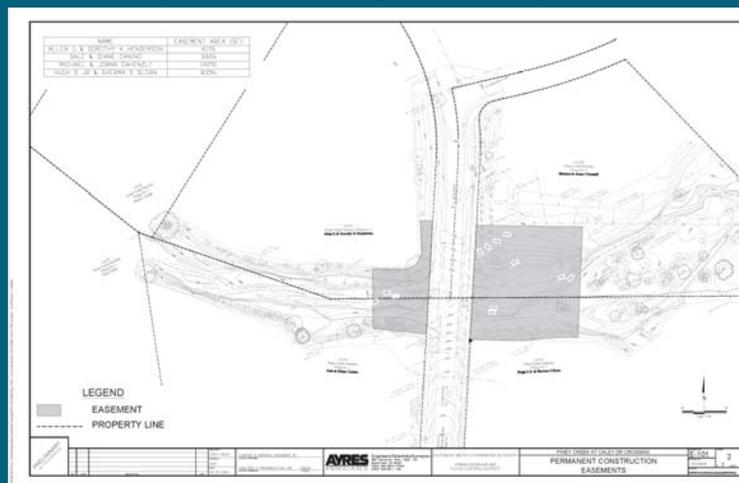

- Stream stabilization downstream (west) of Caley Drive postponed
- Bridge geometry cannot be lowered 1 to 2 feet
- Neighborhood impacts cannot be reduced along Caley Drive
- Bridge costs cannot be lowered
- Future stabilization projects could lower 100-year flood elevation
